***Friendy Emily*** – the fifth doll from the "AradiyaToys Friendies" collection in a unicorn costume. Emily can become a real friend to children of any age. If you use the above-mentioned yarns and a 2.00 mm (US: B, UK: 14) hook, you get a 27.5-cm-tall (10.83-inches-tall) doll as a result. The stuffing material used in this doll is polyester wadding.

# 3. Useful tips

- All amigurumi toys are crocheted with tight stitches. Avoid small holes when stretching the crochet fabric. If there are any holes through which stuffing material can be seen, use a smaller size hook.

- To avoid seams, all details are crocheted in a spiral without slip stitch and lifting loops.

- There is a chance that you will lose the beginning of the round; to avoid this, use a marker. It can be a colored pin or thread of contrasting color. Pin the marker to the last loop of the round. Every new round must be finished with a loop with the marker in it.

- Stuff details of your amigurumi as you go. It is very hard to stuff the detail evenly when it is almost finished.

- Always change the color of yarn at the last step of the last stitch of the previous color.

# 4. Sole

***With milky white yarn***

ch16

*1 rnd* sc in second stitch, 13sc, 3sc in one stitch (work along the other side of the foundation chain), 13sc, inc in first stitch (that already has the very first inc) (32)

*2 rnd* inc, 13sc, 3inc, 13sc, 2inc (38)

*3 rnd* 2inc, 13sc, 6inc, 13sc, 4inc (50)

Cut the yarn and finish the round in an ***invisible way***. To do this: pull the end of yarn through the last stitch completely, thread the end of yarn through the needle, skip one stitch and guide the yarn into the next stitch as shown on the photo (*Image* 2). Insert the needle back in the same hole where the yarn comes from (*Image* 3). Fasten the obtained stitch (*Image* 4). This stitch is called a "***closing stitch***" (*Image* 5). Mark this stitch, we will need it later on. When you are finished, fasten the yarn on the back side of the detail *(Image 6)*.

Make 4 details.

*Image 6*

# 5. Line of contrasting color

Put the two soles on top of each other, wrong side against wrong side, so that the heel (where the closing stitches are situated) is facing you and both closing stitches are placed facing each other.

If you do everything right, the closing stitches will be placed as shown on the scheme. Now we need to connect the soles together with a round (sc).

***To do so,*** insert your hook into the stitches marked with the black arrow on the scheme, take ***blue yarn*** *(Image 7)* and pull up a loop *(Image 8)*, insert the hook into the second pair of stitches *(Image 9)*, yarn over and pull the yarn through this pair of stitches *(Image 10)*. ***The first sc is ready.***

# 5.1 Line of contrasting color

Continue crocheting sc's, inserting the hook into the pairs of stitches on both details until you crochet the last pair of stitches *(Image 12)*. ***We should get 50 sc's in this round in total.***

Cut the yarn, pull the end of yarn through the last stitch completely *(Image 13)*, thread the end of yarn through the needle and guide the yarn to the bottom of the detail *(Images 14 and 15).*

Leave this end of yarn, we will fasten it off a little later, when the boot is complete.

Repeat with the second pair of soles.

# 6. Boot

Now, we start to crochet the boot, using the stitches of the round of sc's. Turn the already connected sole so that the heel (where the closing stitches are) is facing you and insert the hook into the back loop of the ***first sc*** *(Image 16)*. This stitch is not fastened off yet, so there is a risk that it stretches a little. To avoid this, pull it up with the ends of blue yarn on the bottom part of the sole. Crochet the first sc of the first round in this stitch.

***To do so,*** take milky white yarn, pull up a loop *(Image 17)* and crochet 1sc into the same stitch in which we inserted the hook *(Image 19)*. ***The first sc of the first round is ready.***

| *11 rnd* | 21sc (21), remove marker and crochet 2sc more (extra stitches made to help conceal the unshapely edges). |

Mark the last sc from these two extra stitches, the next stitch starting from the marked stitch will be the new beginning of all following rounds. Now you can pull the yarn, fasten off with a few stitches and weave in the ends of blue yarn on the bottom of the sole *(Image 24)*. Try to place the stitches over the ones already made, so that the bottom part of the boot looks neater *(Image 25)*. Stuff the bottom part of the boot very tight.

# 7. Leg

***Connect sand yarn*** and cut milky white one *(Images 26 and 27)*.

*12 rnd* 21sc (21)

*13 — 16 rnds* sc in each sc around (21)

Cut the yarn, leaving the end long enough to connect different-colored yarn easily.

To make both legs as identical as possible, I recommend not to move to the next chapter until you are done crocheting the second boot (chapters 5, 5.1, 6, 6.1, 7), because it is crocheted following the same pattern as the first one *(Image 29)*.

When both boots are ready, move to the next chapter.

# 7.1 Right leg

Starting from this moment, the patterns for crocheting the right and left legs are different, you have to crochet ***the right leg first and then proceed with the left one.*** This is important for connecting the legs to the body.

***Connect light pink yarn*** and don't forget about the ***tip on page 11.***

## Tip

***Make sure that the increases in the 20th and 24th rounds are situated in the same place as shown on image 30 (marked with check marks). If their position has moved to the right, go back to the 16th round and make one additional stitch using sand yarn. Then continue crocheting following the pattern, without making any additional changes.***

# 7.2 Right leg

Cut the yarn and finish the round in the same invisible way as described on ***page 6***. Mark this closing stitch *(Image 32)*, we will need it later on. When you are finished, fasten the yarn on the back side of the detail.

The position of the increases in the 20th and 24th rounds are marked on image 30 with check marks. This is the same photo that you can see on the previous page.

Image 31 shows that the shift of the last stitch of the round (stitch with a marker) should look like a smooth line. See tip on page 12 if it goes too far to the right.

Then continue crocheting following the pattern, without making any additional changes.***

# 7.4 Left leg

Mark the last sc from these two extra stitches, the next stitch starting from the marked stitch will be the new beginning of all following rounds.

Image 34 shows that the shift of the last stitch of the round (the stitch had a marker but no longer has it now) should look like a smooth line. The first sc of the 27th round should be crocheted in the stitch that is marked with a dot on image 34.

The positions of the increases in the 20th and 24th rounds are marked on image 33 with check marks. This is the same photo that you can see on the previous page.

# 9. Costume hem (leg)

When you finish the 30th round, stop crocheting the body (do not cut the yarn) and crochet the costume hem on the leg. This will be a round of slc's, crocheted with milky white yarn. ***You are strongly advised to crochet the costume hem now, because this is much harder to do when the body is finished.***

***To do so,*** turn the back side of the doll toward yourself and insert the hook into the remaining front loop of the first stitch of the 19th round as shown on image 50. Connect milky white yarn, yarn over *(Image 51)* and pull up a loop *(Image 52)*. Insert the hook into the remaining front loop of the second stitch *(Image 53)*, yarn over, pull the yarn through this front loop *(Image 54)* and through the one loop in your hook in one go *(Image 55)*. ***The first sc is ready.***

Crochet one more sc in the last stitch of the 26th row *(Image 68)*, turn crocheting by 90 degrees and continue crocheting along the edge *52*sc (belt of skirt), returning to the first row *(Image 69)*. We need to place 2sc in the side edge of each row. ***To do so, insert the hook in the places that are marked with dots on image 72.*** The last sc in this row should be crocheted in the first ch with the end from the beginning of crocheting *(Image 70)*. # 11.2 Skirt

Now we need to sew the skirt to the remaining front loops of the 26th round of the body. Combine the first and the last stitches on both details *(Images 73 and 74)* and fasten the skirt in this position. Sew the skirt to the body with the end of light pink yarn, taking the back loops on the belt of the skirt and the remaining front loops on the body *(Image 75, marked with blue)*. One stitch on the belt corresponds to one stitch on the body. Sew these pairs of stitches until you reach the last pair *(Images 75 and 76)*. Stuff the bottom part of the arm (palm) *(Images 83 and 84)* with stuffing material, you don't have to stuff the top part of the arm. Squeeze the hole of the arm so that the stitches of the last round line each other. Crochet the opposite stitches *(Image 86)* with ***5sc***.

Cut the yarn, leave a long end for sewing.

# 14. Costume hem (arm)

To crochet the hem, turn the arm so that the inner side is facing you and the palm facing down. Insert the hook into the remaining front loop of the first stitch of the 4th round as shown on image 87. Crochet the costume hem, following the photos on this page and instructions on ***pages 18 – 19.***

The decreases should be positioned on the inner part of the arm *(Image 91, on the right)*, there should not be any decreases on the outer side of the arm *(Image 91, on the left).*

# 22. Assembly

Combine the stitches of the 3rd round of the head and the stitches of the last round of the neck so that the eyes of the doll are looking forward (if you have chosen to make a sleeping doll, just skip this step) and fasten the head with pins. Sew the head to the neck with the end of sand yarn. You can also add some stuffing material in the neck to strengthen it before you finish sewing *(Image 132)*.

Place the arms on the body, shifting them a little to the back from the center of the shoulders so that their inner sides (where the decreases are placed) are facing toward the body *(Images 136 and 138).*

Sew the arms with the ends of light pink yarn *(Image 135).*

Put the hood on the head so that the closing stitch of the last round is placed on the center back of the head. The back side of the hood should be placed a little lower than the front side *(Image 137).*

Place the horn on the center of the forehead and fasten it with pins *(Image 139)*. Sew it with the end of milky white yarn *(Image 140)*. Fasten and weave in the end of yarn.

Place the ears symmetrically a little bit higher than the horn and fasten them with pins *(Images 139 and 141)*. The ears should be placed on the same line. Sew them to the hood with the ends of light pink yarn. Fasten and weave in the end of yarn *(Image 142)*.

# 22.7 Assembly

Embroider Emily's closed eyes with dark brown yarn. Emily's closed eyes should be situated between the 9th and 10th round of the head. The distance between the eyes should be 12 stitches. Each eye is 3 stitches long.
If you want to make sleepy eyes, lower the middle of the yarn a little bit and embroider eyelashes pointing downward. And if you want to make smiling eyes, raise the middle of the yarn a little bit and embroider eyelashes pointing upward.

To make Emily look more cute, you can embroider cheek blushes under her eyes.
